OBJECTIVES: Upon completion of this activity, the participant should be able to:
1) Describe the critical needs concerning diagnosis, therapeutic strategies, and disease modeling for immune checkpoint inhibitor associated myocarditis; and 2) compare and contrast human disease modeling performed in vitro with conventional in vivo disease models for immune checkpoint inhibitor-associated myocarditis; AND
1) Discuss the impact of prenatal alcohol exposure on adult health outcomes in a rodent model; and 2) compare and contrast control versus prenatal alcohol exposure animals' response to a major health stressor (e.g. stroke).

ACCREDITATION: Texas A&M University College of Medicine is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

DESIGNATION: Texas A&M University College of Medicine designates this live activity for a maximum of 1 AMA PRA Category 1 Credit™. Physicians should claim only credit commensurate with the extent of their participation in the activity.
